And your heart is laughing as she turns the key  
**E G#m A**  
Here it comes again always the same feeling

You are alive and so is she

**C#m Bm**  
Do you know what loneliness can be?  
**A Gm F**  
You ll die by yourself only with someone else, why?

Instrumental (Harmonica)

When it s all a game and there is no pleasure  
And you re just like all the rest cannot see  
And you re feeling like there s no more point in searching  
Are you alive? How could it be  
Are you alive? I d like to see  
If you re alive
