Verse:

```

                                A
Ain t it true what they say
                                Dsus4
Every dog has his day
                                A
I never had mine
                                Dsus4
I guess it was time
                                A      D
Send me on down the line
                                Dsus4
One piece at a time
                                A
She got her way
                                Dsus4
I bet it made her day
                                A
Through me off to the side
                                Dsus4
Took me out for a ride
                                A
Kicked me down to the curb
                                Dsus4
Now for all that it s worth
                                A      D
I m lookin  to find
                                Dsus4
One that s broken like mine

```

Chorus:

```

                                A
Broken like mine
                                Dsus4
Or some piece of mind
                                A

```

I ll be happy when I find

**D**

A love less unkind

**Dsus4**

Broken like mine

Verse:
