[Intro]

Bm **A** (x2)

[Verse 1]

Bm **A** **Bm**
Iâ€™ve been waiting for you to say the words
Bm **A**
As we sail across the universe
Bm **A** **Bm**
Entertaining. You bring me to a stare
Bm **A**
As you wave your heart into the air

[Chorus]

D **C#m** **Bm**
I walk away
D **C#m** **Fm** **E**
And play it safe
G **A**
Itâ€™s strange how it works

[Verse 2]

Bm **A** **Bm**
Take you vices and throw them in the drain
Bm **A**
While youâ€™re laughing in the pouring rain
Bm **A** **Bm**
Are you sorry? Well can you find the words?
Bm **A**
You just say the lines that youâ€™ve rehearsed

[Chorus]

D **C#m** **Bm**
I walk away
D **C#m** **Fm** **E**
And play it safe like you
D **C#m** **Bm**

I just walk away
D **C#m** **Fm** **E**
And play it cool
 G **A**
It's strange how it works
