Looking back at me i see that i never really got it right i never stopped to
think of you i m always wrapped up in things i cannot win you are the

antidote that got me by something strong like a drug that got me
higgggggggghhhhhh

What I really meant to say is i m sorry for the way i am i never meant to be
so cold i never meant to be so

Verse 2 continue with the chords
Cold to you i m sorry bout all the lies
maybe in a different light
you can see me stand on my own again cause now i cant see
you are the antidote that gets me by
something strong like a drug that gets me hiiiiiggghhh

Chorus
What i really meant to say is i m sorry for the way i am
i never meant to be so cold i never meant to be so cold

i never meant to be soooo colddddddd

Slow the strums down just a little
I never wanted you to see the screwed up side of me that i keep locked inside of
me so
it always seem to get to me i never really wanted you to know so many things you
should
known iguess for to just know inevery meant to be

Speed back up
What i really meant to say is i m sorry i am
i never meant to be so cold.
