

No Giving Up
Crossfade

F#m **D** **Bm**
So you found out today your life s not the same
Bm
Not quite as perfect as it was yesterday but
F#m **D**
When you were just getting in the groove
Bm
Now you re faced with something new
F#m **D**
And I know it hurts and I know you feel torn
Bm
But you never gave up this easily before
F#m **D** **Bm**
So why do you choose today to give it all away

F#m
Well it s not so bad y all
D
Together we all fall
Bm
Just as long we get up we ll stand tall
F#m
We shouldn t waste another day
D **Bm**
Thinking bout the things that we forgot to say

F#m
I m hittin back y all
D
Kickin these four walls
Bm
Just as hard as I can til I can t crawl
F#m **D**
I won t waste another day
Bm
With all these silly things
Swimmin in my brain

F#m
There s no giving up now
D **Bm**
Do you really want to give this all away
F#m **D** **Bm**
Can t you ever see things in a different way
Somedays
F#m
No giving up now

D **Bm**
Such a beautiful thing to throw away

F#m **D** **Bm**
You should think things through

F# D Bm
Over and over again

F# D Bm
All over again

So your scars fade away
You soaked up the pain
A better person cause you lived through those days
And now you know what it s like to prove
You can overcome anything that gets to you
Well it s alright
We re sayin our goodbyes
To the past and everything that ain t right
We won t waste another day
With all these silly things in our way

[Chorus]

F#m D **Bm**
I know we have given
All that we can give

F#m D **Bm**
When there s nothing to lean on
Well, I remember this

F#m D **Bm**
All we make of this lifetime
Is always here within

F#m D **Bm**
And remembering that s why
We should never give in

[Chorus]

There s no giving up now
