

Someday
Crossfade

C9

Someday I ll talk about

Bb9 Ab

One day I ll mention it to you

C9 Bb9 Ab

Someday I ll be over this and strong like you

C9 Bb9 Ab

I am never changing I can feel this way for days and days

C9 Bb9

Look you straight in the face and fake my smile

(C9 Bb9 Ab)

Take this hurt away and bring back yesterday

I could say sorry in a thousand ways

You won t let this be without cutting me

can t put this bottle down as I watch this day fade into night

(C9 Bb9 Ab Bb9)

My blessings-My faults

I ve learned all the lessons that cannot be taught

any abuses that I ve brought

No more excuses-I want a new start

(C9 Bb9 Ab)

(C9 Bb9 Ab)

with all our lies

There s no wondering why things aren t working anymore

But now I m feeling fine flying higher

Got the chance to start again - Oh

(C9 Bb9 Ab Bb9)

My blessings-My faults

I ve learned all the lessons that cannot be taught

any abuses that I ve brought

No more excuses-I want a new start

(C9 Bb9 Ab)

Someday I ll talk about it

one day I ll mention it to yo

Someday I ve be over this and move on like you

Move on like you

(C9 Bb9 Ab)

(C9 Bb9 Ab Bb9)

I m ready to go-I m ready to leave
Why don t you answer the radio
I m ready to go-Just watch me leave
It s so hard to see when I m on my way down

(C9 Bb9 Ab Bb9)

(C9 Bb9 Ab Bb9)

So hard to see when I m on my way
Down
