

**She Walked Her Way Down
Crowded House**

WALKED HER WAY DOWN - crowded house

Capo 2nd fret

Intro:

Asus2 - Asus2/G - F11 - D7sus/F#

Asus
She walked her way down,
Asus/G
it brought my mind back
F11
From where I was trapped,
D7sus2/F#
how long will it take
Asus
For tension to break,
Asus/G
feel it sliding off
F11
Shimmy like cloth
D7sus2/F#
I left on the ground

Am*
And I know what the answer is
G*
And I'm happy to be here tonight

F
And when you're in the moment
Em C Cadd9 - Em/C
everything you want is right
F
But before she takes a step she's
Em C Cadd9 - Em/C
waiting for the beat to arrive
F Em
And the drummer's counting out the start

Asus
She walked her way down
Asus/G
In silver and black
F11
the tension is snapped
D7sus2/F#

I picked up the trace

Asus

a scent I can't place

Asus/G

Remembering de-sire

F11

higher and high

D7sus2/F#

lift off the ground

Am*

And I know what the answer is

G*

And I'm happy to be here tonight

F

And when you're in the moment

Em C Cadd9 - Em/C

everything you want is right

F

But before she takes a step she's

Em C Cadd9 - Em/C

waiting for the beat to arrive

F

Em

And the drummer makes the same mistake

C

F*

And my eyes are on the shape

C

D7

That is captured in the light

F/D

D

All went quiet on the floor

Asus

She walked her way down

Asus2/G - Fmaj7 - D7sus2/F#

Am*

If we happen to be here tonight

G*

And don't we make a beautiful sight

F

And when you're in the moment

Em C Cadd9 - Em/C

everything you want is right

F

But before she takes a step she's

Em C Cadd9 - Em/C

waiting for the beat to arrive

F

If you're tamed by all the pressure,

Em **C** **Cadd9 - Em/C**
everything you want to be- come
F **Em**
And the drummer always comes in late
C **F***
And my eyes are on the shape
C **D7**
That is captured in the light
F **Em** **C**
And I wanna feel the weightless grasp upon my heavy life
C - Fmaj7/C - **C** - **C - Fmaj7** - **C**
