Crown The Empire

[Verse 1]

Cm

I can feel it, the wires in my life

Cm

I can feel it, the moments passing by

Cm

Dripping through my conversation

Cm

Every number of desire

Cm

I can feel it, the wires in my life

Cm

I can feel it, but I can't turn back time

Cm

To the moment I opened up my eyes

Cm

Every stranger that I meet is closer than I'd like to think

Cm

I can feel it, all the wires in my life

Ab Bb

(All the wires in my life)

[Chorus]

Cm **Bb**

Try and try to rewrite my own design

F **Ab** **Bb**

But now I'm frozen in time, caught in a satellite

Cm **Bb**

Try and try to rewrite my own design

F **Ab** **Bb**

But now I'm frozen in time, caught in a satellite

[Verse 2]

Cm

My scars have names, cut deep but all the same

Cm

Collapse, replace, go back and start again

Cm

I found myself in the sun no longer bleeding

Cm

Connecting so I can feel something with meaning

Cm

I found myself in the sun no longer bleeding

Cm

I can feel it, the wires in my life

Cm

I can feel it, the moments passing by

Cm
