Crown The Empire
[Intro] *Single Strum*
 C#m
 This is your time,
       Ά
 Your life s flashing before your eyes.
Е
                                         C#m
                  в
 And soon enough you will realize that this is goodbye,
                             E
 But what if I gave you a chance?
                   в
You just have to sell your soul.
[Verse 1]
 C#m
                            А
 Look around, what do you see?
       Е
                             в
 The choices you never had the guts to make?
      C#m
                            Α
                                    Ε
 I m sorry you never could be the man that you wanted,
       в
 But regret is wasted on me.
[Chorus]
C#m
             Α
                             Е
 I can feel air inside my lungs again.
в
                 C#m
 All because of you.
                             Е
          Α
 I can rebuild my life and start again.
                        AEB
 в
                 C#m
 All because of you.
[Verse 2]
      C#m
                             Α
 This feeling s amazing, I know.
    Е
                      в
 But be careful, you know not what you wish for.
C#m
 Granted life again but now you ve cheated death.
         Е
                      в
 There s no where to run when you run from yourself.
C#m
                      Α
                                                 \mathbf{E}
 But fear not for as long as you live you are mine,
              в
 And even in death you will find.
C#m
                                             Е
                      Α
```

You ve lived with regret for so long but now, в Is your chance to change what has been wrong. [Chorus] C#m Α Е I can feel air inside my lungs again. в C#m All because of you. Α Е I can rebuild my life and start again. в C#m All because of you.
