

**Memories Of A Broken Heart**  
**Crown The Empire**

Hey, guys, this is my first tab on UG.  
This is just a simple acoustic version of Memories of a Broken Heart  
by Crown the Empire (off the album The Fallout)  
I made in less than 15 minutes, so it may sound a bit off.  
Use standard tuning and a capo on the second fret.  
Tabbed by lafawafa, hope you all enjoy!
