

**My Heart Is Black Acoustic  
Crucified Barbara**

So here are the chords to this song that I absolutely adore!  
I was trying to search up the chords here before,  
but I didn't see them. So I ended up figuring them out myself.  
It was quite simple. (:

Hope you enjoy these chords and song!! =D

[All the D s are D\*. You could just use a simple D,  
but it sounds like the acoustic version with that one.  
Also, the Am\* thing, I didn't know what chord that is  
so I just labeled it as Am\* with a little alteration like the D\*.]

<b>Am*</b>	<b>D*</b>
