I threw this window pane

There s no one left to blame

But then it s all the same as long as she shows that

Face like a beauty queen
Straight from a magazine
Swear that s she s always been the last to know that

I don't want to go on about it
But how the hell can I live without it

I can see for miles around
Oh for crying out loud
Every face in the crowd
Was looking at us
Sweet amazing grace
Everytime every space
Everything in it s place
Like I was King for a day

C **G** **D**

Everything in it s place
Like I was King for a day

Oh for crying out loud
Every face in the crowd
Was looking at us
