Mine All Mine
Crystal Bowersox

Capo on 4th fret, Intermediate
A very easy way to play this song for a beginner.
They are not her chords, but this was way easier for me to play :)

Mine All Mine

```
G                        Am/ D7sus4
Baby don t bring me flowers.
             G
Don t bring me sweets,
             Am
Don t bring me useless
     D7sus4
little things,
                  G
they don t make me complete.
             Am
I don t want your money honey,
D7sus4
lord it s kind of funny I just
G
need your time,
     Am                    D7sus4
and to know that your sweet love
          G
is mine all mine.
```

```

          Am
Boy cause I am your fool
   D7sus4                G
for you I would walk the line.
      G          C
Just in time, you came into my life
 Em           G
And, now I m fine,
     Am              D7sus4               G
No one else will do, baby are you mine all mine?

           Am   /  D7sus4         G
Don t buy me diamonds, don t buy me pearls,
          Am
```

```
Don t try to shoot the moon
     D7sus4         G
Or promise me the world,
                        Am
I don t care if our cupboards are bare
          D7sus4
If there s gray in your hair
        G
Oh we ll be just fine,
       Am
I just need to know,
         D7sus4                    G
That your sweet love, is mine all mine
        Am  /  D7sus4              G
Mine all mine, baby are you mine all mine?
        Am
Boy cuz I am your fool,
    D7sus4              G
For you I would walk the line,
        Am         C

      Em
And, now I m fine,
       Am              D7sus4                G
No one else will do, baby are you mine all mine?

                    Am  /  D7sus4          G
Please play your guitar, sing me a song,
                        Am
I don t care if the words are all there,
          D7sus4         G
Or if the chords are all wrong,
              Am
I just want to lay here and listen
    D7sus4                              G
And give you my kissin  for soon I ll be gone
        Am
Honey I ll get by,
D7sus4                        G
Knowing that you re mine all mine

(chorus)
        Am  /  D7sus4              G
Mine all mine, baby are you mine all mine?
        Am
Boy cuz I am your fool,
    D7sus4              G
For you I would walk the line,
        Am         C
Just in time, you came into my life
      Em
And, now I m fine,
```

```
        Am                  D7sus4                      G
No one else will do, baby are you mine all mine?

              Am
Oh, no one else will do,
D7sus4                    G
Baby are you mine all mine?
        Am          D7sus4                  G
Honey, I love you, you re mine all mine
