

Bridge Of Bones
Crystal Fighters

Capo 1

[Verse]

C
It s been so long out here sitting and drifting all alone

Lost in a wild place, no sign of home

If the moon donâ€™t rise again

I watch the water beneath my feet
Bb **F**
And the world to bring you to me
Am **G**
The clouds are all around me
Gm
The water s still below me

And the ground may never be found
Am **G**
If only I could build a bridge of bones
Gm
With every bone in my body

So many bones in my body

C **G**
So I will float to find my love

So shine your light

Show me a way, show me a way to forever
