(The Verses just hold an A)

Versel:

A

Underneath the water, where everything is pretty
I met the girls and we went swimming
Held my breath until finally I died
Then I left my friends for the other side

Everything was gold, and everything was green
I saw a sea monkey king and a sea monkey queen
He fed me cottage cheese and chicken of the sea
Then he sent me on my way with a kiss on the cheek

Chorus

A

D

Ooh la la, ooh ee cha cha

A

G

Ooh la la, cha cha cha (repeat)

Verse 2:

One two three four five
Once I caught a fish alive
Six seven eight nine ten
Gotta let him go again

Why did you let him go?
Because he bit my finger so
Which one did he bite?
This little finger on the right

Chorus:

Ooh la la, ooh ee cha cha
Ooh la la, cha cha cha

Verse 3:

I laughed with the clams, I gambled with the sharks
Whispered secrets with the starfish til my heart it tore apart
Ask me no more questions, I ll tell you no more lies
About my sweet little swim to the other side

Chorus:

Ooh la la, ooh ee cha cha

Ooh la la, cha cha cha
