Intro: **Am** - **C** - **G** - **Am**

**Am**            **C**            **Am**  
And am I born to die?  
**C**

To lay this body down!  
          **G**            **C**            **Am**            **G**  
And must my trembling spirit fly  
**Am**            **C**            **Am**  
Into a world unknown?

**Am**            **C**            **Am**  
A land of deepest shade,  
**C**  
Unpierced by human thought  
          **G**            **C**            **Am**            **G**  
The dreary regions of the dead,  
**Am**            **C**            **Am**  
Where all things are forgot.

**Am**            **C**            **Am**  
Soon as from earth I go  
**C**  
What will become of me?  
          **G**            **C**            **Am**            **G**  
Eternal happiness or woe,  
**Am**            **C**            **Am**  
Must then my fortune be!

**Am**            **C**            **Am**  
Waked by the trumpet sound,

**C**

I from my grave shall rise;

**G C Am G**

And see the Judge with glory crowned,

**Am C Am**

And see the flaming skies!

**Am C Am**

And see the flaming skies...
