

Move On Up
Curtis Mayfield

Curtis Mayfield - Move on up

Basically there is only one progression played all the way through: **Em - A - Bm - F#m**

A and **F#m** are played quickly between changing from **Em** to **Bm** (which means, if you re a beginner and your fingers are not yet fast enough, you could also keep playing **Em - Bm**).
Just listen to the song, you re gonna get a feeling for it quickly.

[Chorus]

F#m **Em**
Hush now child,
 A **Bm**
and don t you cry
F#m **Em**
Your folks might understand you
A **Bm**
by and by
 F#m **Em**
Just move on up
 A **Bm**
towards your destination
 F#m **Em**
Though you may find

from time to time
A **Bm** **F#m**
Complications

[Instrumental]

Em - A - Bm - F#m - Em - A - Bm

[Verse 1]

F#m **Em** (...)

Bite your lip
and take a trip
Though there may be
wet road ahead

You cannot slip
Just move on up
and peace you will find
Into the steeple
of beautiful people
Where there s only one kind

[Chorus]

F#m **Em** (...)

So hush now child
and don t you cry
Your folks might understand you
by and by
Move on up
and keep on wishing
Remember your dream
is your only scheme
So keep on pushing

[Instrumental]

Em - A - Bm - F#m - Em - A - Bm

[Verse 2]

(same chords as verses 1)

Take nothing less
Ain t no second best
Do not obey
you must have your say
That you can past the test
Just move on up
Just move on up to a greater day
With just a little faith
if you put your mind to it
You can surely do it

[Instrumental]

Em - A - Bm - F#m - Em - A - Bm

[Outro]

F#m **Em** (...)

Just move on up
Move on up
What move on up

Oh child but just a move on up
Just move on up
Move on up

Just move on up
Move on up
What move on up
Oh child but just a move on up
Just move on up
Move on up
