Cut Copy - Hearts On Fire (Acoustic Chords)

I ve had a stab at an acoustic version of this great tune.
I play it entirely with barre chords and a lot of palm mute.
I think its in Db Major.

INTRO: **Bbm**

VERSE:

Bbm Ab Db Eb

There s something in the air tonight
A feeling that you have that could change your life
There s something burning up inside
I reach out for you and our hearts collide

BRIDGE:

Bbm Ab Eb-Ebsus

CHORUS:

Db F7 Bbm Ebm7 Ab

With hearts on fire I reach out to you tonight
With hearts on fire I reach out to you tonight
Hearts on fire I reach out to you tonight
With hearts on fire I reach out to you tonight

With hearts on fire I reach out to you tonight (x4)

VERSE:

I ve been searching for a love alive
Drowning in the silence as we walk the night
Your hand is out and brushes mine
A moment that is frozen as we hang in time

CHORUS:

With hearts on fire I reach out to you tonight
With hearts on fire I reach out to you tonight
Hearts on fire I reach out to you tonight
With hearts on fire I reach out to you tonight

With hearts on fire I reach out to you tonight (x4)

Verse chords to end..
