Intro: **C#**-G#/C-**B**-**F#** x2

Verse 1:
C#   G#/C
  No one is harder
     B F#   **C#** G#/C
on me than myself
          B   **F#**
Or so it seems
C#   G#/C
  Some say that you are
  B   **F# C# G#**/C
my curse my own worst enemy
              B   **F#**
I think they re wrong

Refrain:
C#
  They never thought our
G#/C
life could be like this
C#
  They never thought

Chorus 1:
```
              C#              G#/C
I ll be your safe ride home
            C#       G#/C
when you call me I ll
     F#                 F#m
be everything and more
When you call my name
```

Interlude: **C#**-G#/C-**B**-**F#**

Verse 2:
```
            C#
I thought no one is
  G#/C          B
smarter than me
        F#
No I don t need
            C#   G#/C
anyoneâ€™s help!
            B
Or so it seemed
        F#
I was older
You changed me
            C#
for the good
                    G#/C
They never understood
                    B
But even if they tried
                F#
I doubt they could
                    C#
So take my nervous hand
                    G#/C
and we can take a stand
                    B
We donâ€™t have to live
            F#
by their demands yeah
```

(Repeat Refrain and Chorus 1 twice)

Guitar Solo: **C#**-G#/C-**C#**-G#/C-**F#**-**F#m**-C#(hold)

Bridge:
Bbm

```
   When I m with you
             F#
there s no worries
When Iâ€™m with you
              C#
there s no shame
When I m with
            G#
you Iâ€™m secure
We choose to live
               Bbm
against the grain
They could say we
          F#
lack the progress
They could say
                C#
that we re a mess
They could say we ll
        G#/C
never make it
                    G#
And I know we re better
            Fm
than their test
And I don t hear
      F#(hold)
them anyway

Chorus 2:
             C#
I ll be your safe ride home
          G#/C
when you call me I ll
     B
be everything
F#
   When you call my name

Chorus 3:
             C#           G#/C
I ll be your safe ride home
         C#        G#/C
when you call me I ll
     F#
be everything everything
everything everything
F#m
everything
```

(Repeat Chorus 1)

Outro: **C#**-G#/**C** x2
