

## Second And Sebring

### D At Sea

This is my first tab, hope you enjoy! Doyle differs the lyrics a bit in the song, so I hope I've picked up on it all, if I haven't comment below and I'll fix it up! Actually if I've made any errors leave a comment below, I'm keen to get all the bugs knotted out. Thanks!

**D#m**                    **C#**                    **B**            **C#**  
I believe it's time for me to be famous.  
**D#m**                    **C#**                    **B**                    **C#**  
I believe it's time for me to move forward, whoa.

**B**  
When I break through.

**C#**  
When I break through.

**D#m**  
When I break through.

**C#**                                    **D#m**                    **C#**  
This time I'll make you,  
**B**                                    **C#**  
Proud to see me over, come on day light.

**D#m**  
Proud of, who you raised.  
**C#**                                    **B**  
Your shelter, your peacefulness.

**C#**                                    **D#m**                    **C#**  
So this time I'll make you proud.

**B**  
Proud of who you raised up.

**C#**                                    **D#m**  
You know that I will,  
**C#**            **B**                    **C#**  
Always be here till the end.

**B**                                    **C#**  
Come back so I can say thank you for this,  
**D#m**

A home cooked meal and a place to rest,  
**B**                                    **C#**  
My troubled head when you're away,

**D#m**  
I've passed the test, I have earned an A,  
**B**                                    **C#**

Not just in school, but in life,  
**D#m**                                    **B**  
You know that I'll always be right by your side.

C#

To show hope to all,
