

Its After Dark
D.A.D.

Vers: **A - Bm - F#m - E**

I m looking at the sky, I m trying
Not to cry, coz it s over
The re turning down the light
It s late now
Wave the last
Goodbye...

OmkvÃ|d: **A - F#m - E**

Coz it s after dark now
And Disneyland is closed
We ve been served
Icecold beer
And Walt is our host

It s after dark now
And Disneyland is closed...
The party is over
The night is here
Let s bring out a toast...
