There are so many things that I don t understand

There s a world within me that I cannot explain
Bbm            Gb                              Ebm   Ab
Many rooms to explore, but the doors look the same

I am lost I can t even remember my name

Bbm                       Gb
I ve been, for sometime, Looking through someone

I need to know now, Please tell me who I am
