CH:

**Bm/G/D/A** (**C#/A/E/B**)

Verse~

**D**                    **A**                    **G**                    **G**  
Not much that matters but the task at hand.

**D**                    **A**                    **G**                    **D**  
We re busy building ladders to the Promised Land.

s not much worth fixin  
that s been busted apart.  
If you don t mind for mending  
When they ve broken your heart.

Chorus~

Been  
**Bm**                    **G**  
taking our troubles down to the river  
**D**                    **A**  
day after day the water turns bitter and I  
**Bm**                    **G**  
figure my mind but as much as I figure it s  
**D**                    **A**  
too soon to say if it s getting better

Not much worth saving  
but the money you make.  
We re paving the road  
to the Golden Gate.

There s not much for saying  
if you can t fill your cup.  
If you don t mind for talking  
when they ve used you all up.

Chorus~

There s not much worth singing  
that ain t already in song.  
We re building a rocket  
to get to heaven.

There ain t no good deeds  
there left to do.  
If you don t mind for given  
when they ve taken from you.

Chorus~
