CH:

**Bbm/F#/C#/G#** (**C/G#/Eb/Bb**)

Verse~

**C#**                      **G#**                      **F#**                      **F#**

Not much that matters but the task at hand.

**C#**                              **G#**                              **F#**                      **C#**

We re busy building ladders to the Promised Land.

s not much worth fixin  
that s been busted apart.  
If you don t mind for mending  
When they ve broken your heart.

Chorus~

Been

**Bbm**                              **F#**

taking our troubles down to the river

**C#**                              **G#**

day after day the water turns bitter and I

**Bbm**                              **F#**

figure my mind but as much as I figure it s

**C#**                              **G#**

too soon to say if it s getting better

Not much worth saving  
but the money you make.  
We re paving the road  
to the Golden Gate.

There s not much for saying  
if you can t fill your cup.  
If you don t mind for talking  
when they ve used you all up.

Chorus~

There s not much worth singing  
that ain t already in song.  
We re building a rocket  
to get to heaven.

There ain't no good deeds  
there left to do.  
If you don't mind for given  
when they've taken from you.

Chorus~
