

Hope For Now
Dallas Green

Capo 5th fret

Em
This highway s dark and empty.
C **Am**
Just miles and miles of endless road.
Em
I ve got a sickness pounding in my head.
C **Am**
I m at the mercy of the ghost.
Em **C** **Am**
What will it take to live as if I would not another day?
Em **C** **Am**
To live without despair, and to be without disdain.
C **D** **Em** **Am**
How can I instill such hope, but be left with none of my own?
C **D** **Em** **Am**
What if I could sing just one song and it might save somebody s life?
Em **C** **Am**
I sought after, after reasons to stay.
Em **C** **Am**
I was lost, I was lost.
Em
Then the sky turned black,
C **Am**
And the rains poured down.
Em **C** **Am**
I was waiting, waiting to be found. oh, no.
C **D** **Em** **Am**
How can I instill such hope, but be left with none of my own?
C **D** **Em** **Am**
What if I could sing just one song and it might save somebody s life?
Em **C** **Am**
Then I would sing all that I could sing
C **D** **Em** **Am**
Cause that is when, when I feel that I m not just counting time.
Em **C** **Am**
Oh when I sing all that I can sing
C **D** **Em** **Am**
Maybe just for a moment things would seem all right.
C **D** **Em** **Am**

Oh when I sing, oh when I sing

C D Em Am

Oh when I sing, oh when I sing

C D Em Am C D Em
