

The Grace
Dallas Green

I play the A like this: X 0 2 2 0 0

A - C#m - F#m (3x)

A C#m F#m
In better days I ve been known to listen

A C#m F#m
I go to waste all my time is missing

A C#m
I m mapping out my ending,
F#m
it s never gonna happen now

A C#m
These things are condescending
F#m
with everybody backing down

A C#m F#m
You pray to stars that can help you get by
A C#m F#m
And all at once you forget to try

A C#m
I d go there if you let me,
F#m
they re never gonna find me now

A C#m
My life is always empty
F#m
and in and out of doubt

****Chorus:**

E F#m E
Your not coming back for me, these things they will never be

F#m E F#m
I m so used to being wrong, so put me where I belong

C#m **F#m**
I ll get back to you,
C#m
God knows I try,
F#m
but I still lose
C#m **F#m**
And I get back to you,
C#m
these days run by,
F#m
but I still lose

A **C#m** **F#m** (2x)

A **C#m** **F#m**
Angels say they can make you suffer
A **C#m** **F#m**
They give and take like a vicious lover

A **C#m**
When all this loses meaning,
F#m
You ll never want it back somehow
A **C#m**
Awake but still I m dreaming
F#m
And never waking up

E **F#m** **E**
Your not coming back for me, these things they will never be
F#m **E**
I m so used to being wrong, so put me where I belong

C#m **F#m**
I ll get back to you,
C#m
God knows I try,
F#m
but I still lose
C#m **F#m**
And I get back to you,
C#m
these days run by,
F#m

but I still lose

A **C#m**

Alone...Where I m not alone (4x)

F#m

alone
