D **Em**
It could be a fast car, flying down a dirt road

G **D**
It could be a slow song, playing on the radio

D
It could be a picture of a place you love

Em
Or some memory that you hold

G
It doesn't matter what it is

D
If it gets you where you wanna go

It could be a jet plane, flying through the blue sky
It could be a weekend, walking on the wild side
It could be a candlelight with emerald eyes
Or a single red rose
It doesn't matter what it is
If it gets you where you wanna go

Em **G**
If you wanna go back, if you wanna move on

D **Bm**
If you wanna get lost, if you wanna go home

Em **G** **D**
If there's a will then there's a way to get there

Em **G**
If you wanna stay close, if you wanna go far

D **Bm**
Go on ahead and follow your heart

Em **A**
One thing I know is we're all going somewhere

It could be a cold beer, talking to an old friend

If you wanna go back, if you wanna move on
 If you wanna get lost, if you wanna go home
 If there s a will then there s a way to get there
 If you wanna stay close, if you wanna go far
 Go on ahead and follow your heart
 One thing I know is we re all going somewhere

You re on the right road
 If it gets you where you wanna go
 Yeah you re on the right road
 If it gets you where you wanna go
