[Damian Marley]  
Imagine Ghana like California with Sunset Boulevard  
Johannesburg would be Miami  
Somalia like New York  
With the most pretty light  
The nuffest pretty car  
Ever New Year the African Times Square lock-off  
Imagine Lagos like Las Vegas  
The Ballers dem a Ball  
Angola like Atlanta  
A pure plane take off  
Bush Gardens inna Mali  
Chicago inna Chad  
Magic Kingdom inna Egypt  
Philadelphia like Sudan  
The Congo like Colorado  
Fort Knox inna Gabon  
People living in Morocco like the state of Oregon  
Algeria warmer than Arizona bring your sun lotion  
Early morning class of Yoga on the beach in Senegal  
Ethiopia the capitol of fi di Congression  
A deh so I belong  
A deh di The King come from  
I can see us all in limos  
Jaguars and B mos

[Dennis Brown]  
Riding on the King s Highway

[Nas]  
Promised Land I picture Porsches  
Basquiat Portraits  
Pinky Rings realistic princesses  
Heiresses bunch a Kings and Queens  
Plus I picture fortunes for kids out in Port-Au-Prince  
Powerless they not allowed to fit  
But not about to slip  
Vision Promised Land with fashion like  
Madison Ave Manhattan  
Saks 5th Ave and  
Rodeo  
Relaxing popping labels  
Promise Land no fables

This where the truth s told  
Use them two holes  
Above your nose  
To see the proof yo!  
Imagine a contraption that could take us back when  
The world was run by black men  
Back to the future  
Anything can happen  
If these are the last days  
And 100-foot waves come crashing down  
I get some hash and pounds  
Pass around the bud then watch the flood  
Can t stop apocalypse  
My synopsis is catastrophic  
If satellites is causing earthquakes  
Will we survive it  
Honestly man it s the sign of the times  
And the times at hand

[Dennis Brown]

There s alot of work to be done, O gosh  
In the Promised Land
