**Damian Wilson**

**G** **Bmi**  
Tell me the world will not change  
**C** **G**  
Promise me we ll always remain  
**C**  
Love me and desire for me  
**G**  
Wish for me, don t hide from me  
**D** **Emi**  
Thoughts you have the need to proclaim  
**C**  
I only want to be with you  
**G**  
Cherish and believe in you  
**D** **Emi C**  
Tell me that you re feeling the same way  
Tell me for the whole of my...

**G** **D**  
Life means nothing without you  
**Emi G**  
My world is empty, I doubt you  
**C G**  
Understand all of the reasons I need you  
**C**  
Life would mean nothing  
**D**  
If I can t be near you

So walk away and then you will learn  
Forget me and the world will not turn  
Love me and desire for me  
Wish for me, don t hide from me  
Thoughts you have the need to proclaim  
I only want to be with you  
Cherish and believe in you  
Tell me that you re feeling the same way  
Tell me for the whole of my...

Life means nothing without you  
My world is empty, I doubt you  
Understand all of the reasons I need you  
Life would mean nothing  
If I can t be near you

Tell me for the whole of my...

Life means nothing without you  
My world is empty, I doubt you  
Understand all of the reasons I need you  
Life would mean nothing if I can't be near you  
If I can't be near you  
If I can't be near you
