

Colour Me In
Damien Rice

C Am G C
Well, I tried to repress it, then I carried its crown.
 Am G Am
I reached out to undress it. Love let me down.
 F G
Love let me down.

C Am G C
So I tried to erase it, but the ink bled right through.
 Am G Am
Almost drove myself crazy when these words led to you.
 Em F
And all these useless dreams of living alone
 G
like a dogless bone.

C Am G C
So come let me love you,
 Am G Am
come let me love you and then
 F G
colour me in.

C Am G C
Well, I tried to control it and cover it up.
 Am G Am
I reached out to console it. It was never enough.
 F G
Never enough.

C Am G C
So I tried to forget it, it was all part of the show.
 Am G Am
And so I regret it, but what do I know
 Em F
with all these useless dreams of living alone
 G
like a dogless bone.

C Am G C
So come let me love you,
 Am G Am
come let me love you and then
 F G
colour me in.

C Am G C

Come let me love you,
 Am **G** **Am**

 Em **F**
of all these useless dreams I m living,
 G **Am**
all these useless dreams

C **Am** **G** **C**
Come let me love you,
