

Illusions

Damien Rice

This should be the proper sturucture.. but i don t know.. give it try n let me know how
guys feel abt it.. thanks.. oh btw.. it s my first time making a tablature so don t mind
weird placings of the chords.. have fun

The Shrouded Mind: Illusions

Am C F G
Derlict from all the shit I ve done,
Am C F G
Here we are in the crossroads once again.
Am C F G
Tell me what are we now, Tell me what s between us.

Am C F G
Cause day by day i m staring at your picture.
Thinking,
Am C
Over and Over Again
F G
Over and Over Again
Am C F G
And Day by day i m lying on the old bed,
Wondering
Am C
Over and Over Again
F G
Over and Over Again

Am Splash+ Hammer 1st bar
It s the pain i feel,
C Splash+ Hammer 1st bar
It s the pain you feel,
F Splash+ Hammer 1st bar
It s the words that touch my soul.
G Splash+ Hammer 3rd bar
That Gave meH an Illusion of,
Am/C F G
Confusion.
Interlude
Am C F G

Day and night i feel that something s gone,
All alone wondering what to say or do.
Tell me what we wanted then,

Tell me what dreams we weaved.

Cause Day by day i touch that lipstick stain,
Feeling,
Over and Over Again,
Over and Over Again,
And day by day I hear a voice in pain.
Saying,
Over and Over Again,
Over and Over Again.

It s the pain i feel
It s the pain you feel
It s those words that touch my soul
That Gave meH an Illusion of,
Confusion.

What I Always said, You never knew,
What You Always felt, I never understood.
Things woud go always outta control.
What things we did, We took for granted,
What words we said, Wasn t never enough.
So now i say to myself,

It s the pain i feel
It s the pain you feel
It s those words that touch my soul
That Gave meH an Illusion of,
Confusion.
