

My Favourite Faded Fantasy
Damien Rice

Bm/F# **F#/5M**

You could be my favourite taste
To touch my tongue

Bm/A

I know someone who can serve me love

Bm/G

But it wouldn't fill me up

Bm/F# **F#/5M**

You could have my favourite face
And favourite name

Bm/A

I know someone who could play the part

Bm/G

But it wouldn't be the same

G7+

No it wouldn't be the same

D/F#

No it wouldn't be the same

G7+

No it wouldn't be the same

Bm

With you

Bm/F# **F#/5M**

You could be my favourite place
I've ever been

Bm/A

I got lost in your willingness

Bm/G

To dream within the dream

Bm/F# **F#/5M**

You could be my favourite faded fantasy

Bm/A **Bm/G**

I've hung my happiness upon what it all could be

G7+

And what it all could be

D/F#

What it all what it all could be

G7+

What it all what it all could be

Bm

With you

G7+

What it all what it all could be

D/F#

What it all what it all could be

G7+

What it all what it all could be

With you

Bm/F#

F#/5M

You could hold the secrets that save
Me from myself
?

Bm/A

I could love you more than love could

Bm/G

All the way from hell

Bm/F#

F#/5M

You could be my poison my cross
My razor blade

Bm/A

I could love you more than life

Bm/G

If I wasn't so afraid

G7+

And what it all could be

D/F#

What it all what it all could be

G7+

What it all what it all could be

Bm

With you

G7+

What it all what it all could be

D/F#

What it all what it all could be

G7+

What it all what it all could be

With you
