

**You Shouldnt Be Here**  
**Damien Rice**

Note: This is a live song that should be circulating the internet under this name. It s pretty rare and beautiful. This is definitely just a functional tab and seems to work for the same key he sings in, but I haven t seen any footage of him playing this song so no way to verify how accurate it is. Also, this is my first tab. But it works. Feedback and comments welcome. Enjoy!
