

Cant Love You Now
Damien Starkey

This is my 1st tab ever, for this beautiful song. Hope you enjoy.
Also figured out the lyrics for this one, since i couldnt find it anywhere.
English is not my native language, so please feel free to contribute.
You can find this song only in youtube.

INTRO **G C9 G C9**

G
My consciousness wakes
C9
As the sun light breaks
G **C9**
Your face appears in my sleepy mind
G
Im not sure where to go
C9
I wanna go back to bed
G
Turn the room to black
C9
But there you are in my head
D9
I turn up, I turn up the radio
C9
So loud that it drags you out
D9 **C9** **D**
Your voice is in my head saying I wont let you down
G
But, I cant love you now
D9
And I dont know how
C9 **C9** **D**
Youre like a beautiful disease, taking over inside of me
G
When I close my eyes
D9
Try to sleep at night
C9
Youre always draggin me down

C9 **D**
So I cant love you, love you now
G
I gotta leave this place
C9
When all I see here is your face
G **C9**
Im getting in my car, never looking back
G
Youre the worst thing for me
C9
Maybe youre all I really need
G **C9**
All I know is this were not our time
D9
I turn up, I turn up the radio
C9
So loud that it drags you out
D9 **C9** **D**
Your voice is in my head but I gotta leave this town
G
I cant love you now
D9
And I dont know how
C9 **C9** **D9**
Youre like a beautiful disease, taking over inside of me
G **D9** **C9**
When I close my eyes, Try to sleep at night
C9
Youre always draggin me down
D9 **D** **G**
So I cant love you, love you now
C9
So tell me, tell me
D9
To come back to sleep again
C9
And donâ€™t let me, let me
G
Be here waiting til its over
C9
Just tell me, tell me
D
That this was all a dream
G
I cant love you now
D9
And I donâ€™t know how
C9 **C9** **D9**
Youre like a beautiful disease, taking over inside of me
G
When I close my eyes
D9

Try to sleep at night

C9

You're always draggin me down

C9 **D9**

So I can't love you, love you now

G D9 **C9**

Oh I can't love you now

G **D9**

Oh You're like a beautiful disease, taking over inside of me

C9 **D9**

So I can't love you, love you now
