

**Cant Love You Now**  
**Damien Starkey**

This is my 1st tab ever, for this beautiful song. Hope you enjoy.  
Also figured out the lyrics for this one, since i couldnt find it anywhere.  
English is not my native language, so please feel free to contribute.  
You can find this song only in youtube.

INTRO **A D9 A D9**

**A**  
My consciousness wakes  
**D9**  
As the sun light breaks  
**A** **D9**  
Your face appears in my sleepy mind  
**A**  
Im not sure where to go  
**D9**  
I wanna go back to bed  
**A**  
Turn the room to black  
**D9**  
But there you are in my head  
**E9**  
I turn up, I turn up the radio  
**D9**  
So loud that it drags you out  
**E9** **D9** **E**  
Your voice is in my head saying I wont let you down  
**A**  
But, I cant love you now  
**E9**  
And I dont know how  
**D9** **D9** **E**  
Youre like a beautiful disease, taking over inside of me  
**A**  
When I close my eyes  
**E9**  
Try to sleep at night  
**D9**  
Youre always draggin me down

**D9** **E**  
So I cant love you, love you now  
**A**  
I gotta leave this place  
**D9**  
When all I see here is your face  
**A** **D9**  
Im getting in my car, never looking back  
**A**  
Youre the worst thing for me  
**D9**  
Maybe youre all I really need  
**A** **D9**  
All I know is this were not our time  
**E9**  
I turn up, I turn up the radio  
**D9**  
So loud that it drags you out  
**E9** **D9** **E**  
Your voice is in my head but I gotta leave this town  
**A**  
I cant love you now  
**E9**  
And I dont know how  
**D9** **D9** **E9**  
Youre like a beautiful disease, taking over inside of me  
**A** **E9** **D9**  
When I close my eyes, Try to sleep at night  
**D9**  
Youre always draggin me down  
**E9** **E** **A**  
So I cant love you, love you now  
**D9**  
So tell me, tell me  
**E9**  
To come back to sleep again  
**D9**  
And donâ€™t let me, let me  
**A**  
Be here waiting til its over  
**D9**  
Just tell me, tell me  
**E**  
That this was all a dream  
**A**  
I cant love you now  
**E9**  
And I donâ€™t know how  
**D9** **D9** **E9**  
Youre like a beautiful disease, taking over inside of me  
**A**  
When I close my eyes  
**E9**

Try to sleep at night

**D9**

You're always draggin me down

**D9** **E9**

So I can't love you, love you now

**A E9** **D9**

Oh I can't love you now

**A** **E9**

Oh You're like a beautiful disease, taking over inside of me

**D9** **E9**

So I can't love you, love you now
