C Em Am C Em Am
This isn't the first time, I've left it too late,
To get on top, I made that mistake,
To be with someone, never find what you need,
We don't bail out, and I can't sleep.

You left me, just when I needed you,
C Em Am F G C Em Am
You set me back, just when I thought I got back.
Just when I thought I got back.

This is the last time, I make this mistake,
Can't see the stars, yeah it's too late,
To be with someone, never find what you need,
We don't bail out, yeah I can't sleep.

You left me, just when I needed you,
You set me back, just when I thought I got back.
Just when I thought I got back.

Just when I needed, needed you...
