

I woke up with no one to tell,  
About the stains upon the ceiling, in my hotel.

**Em**  
So I laid here for hours,  
Just trying to spell out your name.

**Cmaj7**  
Then I lost my keys,  
So I live here alone for almost 17 weeks.

**Em**  
And then I found them in my pocket,  
Of my favourite pair of jeans.

Chorus:

**G(continued) Cmaj7**  
Its gonna rain all day,  
Its gonna rain all day.

**Em**  
With the life that I have made, here,  
All covered up in gray,  
Its gonna rain all day.

Verse 2:

**G(continued) Cmaj7**  
And I twisted up some bones,  
Trying to straighten out my broken soul.

**Em**  
But I couldnt tell my doctor,  
Just why I have been getting so stoned.

**Cmaj7**  
I climbed upon a ledge.  
I had no plans of jumping,  
But it was such a soft bed,  
Of violets at the bottom,

**C**

**G**

Now I pin one to my chest.
