

Real Desire
Dan Auerbach

G Cm G
I know that you re wanted
Cm G
but every little thing talks
Cm G Em
take your pick and maybe they ll serve you, yeah
G Cm G
but you, you will put them down

talk, but never listen
so how you wanna play your game
try to step on me baby
oh, and I will, I will do the same

because you want to set the world on fire
little men, we ll never do
made you think i d be a desire, oh darling
oh I, I see right through

Clouded skies have lifted
and voices ring out from the wire
if you ll say you never meant to hurt me, no
oh you would be a liar

Because you want to set the world on fire
and a little man will never do
made you think I d be a desire, oh darling
you know I see right through
