

Jesus Try And Save Me
Dan Brodie And The Broken Arrows

Jesus Try and Save Me

F#

My mother went to heaven, my father got remarried.

F#

My sister still looks pretty, she tells me not to worry.

B

My brother plays the guitar and man he looks wounded.

F#

Me, I m still twisted and strung out on the bottle.

C#

Jesus, try and save me. Jesus, try and save me.

F#

Jesus, try and save me from myself!

F#

Well I guess I should look before I leap.

See I am trying hard to get some sleep.

B

F#

I went looking for the Devil, he said you have to wait in line.

I went out walking into a liquor store,

my girlfriend collapsed upon the floor.

B

F#

Have you come here for forgiveness or to raise the dead.

C#

Oh Jesus, try and save me.

F#

Jesus, try and save me from myself!

instrumental:- **F# F# B F# C# B F#**

F#

I am not ready for the life of love.

I am not ready for the Lord above.

B

F#

I counted all my blessings and they came back none.

I m going under, sinking low.

I feel dead inside honey, couldn t you tell?

B

F#

It s the beginning of the end of the beginning of the end of my time.

C#

Oh Jesus, try and save me. Jesus, try and save me.

Jesus, try and save me!

F#

Well my mother went to heaven, my father got remarried.

My sister still looks pretty, tells me not to worry.

C#

Jesus, try and save me. Jesus, try and save me.

F#

Jesus, try and save me from myself.

F# = 2 4 4 3 2 2 B = 2 2 4 4 4 2 C# = 4 4 6 6 6 4

I like to use the C# as a C#7#9 = 0 4 3 4 5 0 - 0 4 3 4 2 0 turnaround.
Enjoy!
