

I Can Dream About You

• Dan Hartman

I was walking through the shopping center yesterday and heard this great sounding song and it stayed in my head. I went home and looked for the guitar tab of it on the net but couldn't find it so I tried figuring out the chords today and after a couple of goes this is what I came up with. I hope it sounds good enough to play this song.

Am **Em** **Dm** **F** **A**
No more timing each tear that falls from my eyes
Am **Em** **Dm** **F** **G**
I m not hiding the remedy to cure this old heart of mine

CHORUS:

A **Bm**
I can dream about you
 G **D**
If I can t hold you tonight
 A **Bm**
I can dream about you
 G **D**
You know how to hold me just right
