SKINNY LOVE  
CAPO 3

**Em-C-G-D** throughout the entire song. Listen for pace changes. Some pretty liberal finger picking so feel free to be creative...

Why you so skinny love?  
You got a problem? What s your problem?  
You re looking at me like I m dying too...  
I got news for you, I am not like you  
I wear it on my sleeve, but it s not who I am  
I m just a friend of someone who once knew you  
You run out, you run out, you run out and they chase you  
What s wrong with you?

Why you skinny love X2

You take it, you take it, you take it, you take it away with you  
You deserve to be a normal girl at a normal high school,  
but you don t think like the rest of them, and you re looking for trouble  
It s not you, it s your soul that is aching and is breaking,  
and you can control yourself now

Don t be so skinny love X2

I m not gonna chase you anymore, if you walk out the door  
I know that you ve got to be better for yourself,  
Police involved, they got the therapy,  
they got an ambulance saying that you re chasing me,  
I don t know if you can, please come back again,  
It s like a nightmare for me  
I don t know anything about what you re going through  
but inside I feel I could be just like you...

Don t be so skinny love X2  
Don t be so skinny love/It s not your fault, It s not your fault  
Don t be so skinny love

(Slowed Down Tempo)

Anytime, you want to talk  
Maybe just go for a walk

Can t promise that it ll be fun  
But less troubling then a stroll for one  
Ooo ooo ooo Look at you, somethings changed  
Got a beauty in you

You re not too skinny love,  
You re not too much  
You re not too skinny love  
You re not too much, You re not too much  
You re not too much, Now don t be so skinny love,  
ooooo Welcome to you
