

**Reason To Think Aloud**

**Dan Mangan**

Capo 4,

With G, hit the second string first fret with your index finger occasionally

Chorus:

**G**

it s almost christmas

**Em Am**

what do i do, where do i go

**G**

I don t want to be alone

**Em Am**

for all i ve said, what do i know

**G**

what do i know

**Em**

now that the tv s gone,

**Am G**

i can see why you ve placed it there

**Em**

weeks just keep rolling by

**Am G**

still hurts to see the glare

**Em**

it s easy to hold it back

**Am G**

easy to just move on

**Em**

convince yourself not to care

**Am G**

hope strength might come along

Chorus

**Em**

now that there s snow outside

**Am G**

there s reason to think aloud

**Em**

pride tends to eat me up

**Am G**

pride doesn t mean i m proud

**Em**

i believe that there is more to this

**Am G**

believe that true love waits

**Em**

i believe someone put me here

**Am G**

believe they might take me away

Chorus
