

Every Time Im With You
Danger Mouse

Intro: **Am**

Verse:

Am

Every time I m with you

Dm

I am drunk and you are too

Em

Dm

Well what the hell else are we

Am

supposed to do?

Chorus:

Dm

Every time x 6

Am

I m with you (I guess it s true)

And the rest is the same pattern - this is my first attempt at working out chords

by ear so I m sorry if they re not right, but it s my best try - plus I m not very

good at the guitar (and I worked this out on the ukulele) so it s a pretty simple version :)
