Holding On - Dani Shay Tab.

Tab By Torksterify.

(Standard Tuning - capo 4)

Verse 1:

G **C**
My tears are cutting through this page like
G **C** **G**
Razor blades falling from my cheeks,
C **G**
And I can't speak but they they do it for me
G **C** **G**
Well I swim in the ocean of utter devotion
C **G**
And I can only hope you'll swim too

C
Even though the waters are deep
G **C**
And the clouds are rolling through

Chorus:

G **C** **Am**
I can feel the wind its pushing me
G **C** **D**
And I can feel that I am sinking slowly
G **C** **Am**
And as I lose control
G
I know I'll never stop
C **G**
Holding on on.

Verse 2:

G **C**
Call it a blessing, call it a curse,
G
call it what you will
C
There's something worse than persistence
G **C**
But I'm searching still.
G **C** **G**
See there I go again refusing To give in, to the
C **G**

Possibility of losing my ability to think

C

Or to hide but here I am opened wide

G

Take a look and make it fast,

C

One quick look it better last because

Chorus:

G **C** **Am**

And I can feel the wind its pushing me

G **C** **D**

And I can feel that I am sinking slowly

G **C** **Am**

And as I lose control

G

I know I ll never stop

C **G**

Holding on on.

Verse 3:

G **C**

The animal in me says

G **C**

Survival, Survival, Survive

G **C**

But the romantic in me says

G **C**

Just be alive!

Chorus:

G **C** **Am**

So I let the wind blow

G **C** **D**

And I let myself sink slow

G **C** **Am**

And when I lost control

G

I knew I d never stop

C **G**

Holding on.
