You take the time to laugh it up you call things as they are.  
**Em** **C** **G** **D** **G**  
You are my, you are my, tiny shiny star.

**Em** **C**  
Take me away-huh

**G** **D**  
Take me away-oh

**Em** **C**  
Take me away-oh

**G** **D**  
to the place where I become, become,

**Em** **C**  
one, two, three, four, five

**Em** **C**  
I feel so alive, yeah huh

(again)

Simple times in a simple place have never felt so good.

Until we met I always felt a bit misunderstood.

You take the time to listen close, you part the cloudy skies.

Cause even the rain can t help but fall for your big baby blue eyes

Take me away-Huh

Take me away-oh

Take me away-oh to a place where I become, become, one, two, three, four, five

I feel so alive.yeah huh

one, two, three, four, five

I feel so, I feel so alive yeah,

One two three four five, I feel so alive (repeat)
