

**Frankenstein Love**  
**Daniel Johnston**

This is one of my very favorite songs from Daniel Johnston. It s normally played on the piano.

Barre chords sound better. This is my first tab, btw.

**C**

Then there was the time

**G**

When I was Frankenstein

**F**

Drenched in pain, left for dead

**C**

When I got your letter

**G**

I felt much better

**C**

Then there was the day

**G**

In came the mind decay

**F**

Poking at me, burning me with fire

**C**

Anything than this

**G**

Has got to be higher

**F**

But I ll always remember

**G**

What I can t forget

**C** **F**  
You can t kill my spirit

**C**  
Then there was the night

**G**  
The monster battle fight

**F**  
They swore they d cut me open

**C**  
I said you must be jokin

**G**  
Just look at my scars

**C**  
I ve been pushed around

**G**  
But I m on the rebound

**F**  
Someday, maybe, I ll come out okay

**C**  
And I can be a hero

**G**  
In the end

**F**  
But I ll always remember

**G**  
What I can t forget

**C** **F**  
You can t kill my spirit
