

Never Before Never Again
Daniel Johnston

NEVER BEFORE, NEVER AGAIN BY DANIEL JOHNSTON (THE WHAT OF WHOM 1982)
Two chords go on this great song. Have fun!

C **G**

Never, never before
Never, never again

C

You walked right in

G

You wore a grin

C

You caught my eye

G

And reeled it in

C

You made my head spin

G

And it s never stopped

Never, never before
Never, never again

I was your clown
I was your dog
It s too bad it had to end
And though it did
It sure was fun
My love for you will outlast the sun

Never, never before
Never, never again

You were an angel from paradise
But every artist has his vice
It may be true, but it ain t nice
Behind every sad man there s a great woman

Never, never before
Never, never again
