I m gonna build a raft and set it on the water there

Hoping she will come, see the thing I made

What a thing I made

Today I m gonna sail even if she doesn t show
The ocean can decide, love is like a wave
Love would never fail

F
Hope she gets here soon
F#
I hope she isn t far away
A **G#**
But if she is, I ll sail anyway

C# **Bbm** **A** **G#**
Everyday that I love her I kill myself
C# **Bbm** **F#m** **G#**
It happens over and over, there s no one else
C# **F** **Bbm** **Bbm7/G#**

And I try to forget her but look at me

F#m C#/F Em D# C#

Giving everything away for free

And when I m out at sea, I m gonna write a song for her

I ll sing across the bay, hoping she will hear

Hoping she will hear

I think she s in her car and just above the...

To hear my serenade reckoning her near

Reckoning her near

And then she s gonna swill

I didn t build my raft in vain

But if I did, we ll both drown anyway

Cause everyday that I love her I kill myself

It happens over and over, there s no one else

And I try to forget her but look at me

Giving everything away for free

F

Giving everything away for free, free

Bbm

D#m

G#

Drown me, it ll stop the pain, if my love s in vain

B

Bb

Cause I knew, I knew she d never come

D#m

Cause she couldn t bear the ocean

F# A

She couldn t stand the waves

So everyday that I love her I kill myself

It happens over and over, there s no one else

And I try to forget her but look at me

Giving everything away for free
