

**Crazy All My Life**  
**Daniel Powter**

[Verse]

**Am**  
Well something got me shaking,  
**Dm**  
My mind was racing pacing the room  
**G**  
I don t know but I think I fell to pieces  
**C**  
The moment that I first saw you  
**Em**  
Now it s true

**Am**  
I thought I could get over it,  
**Dm**  
Brushed you off my shoulder but now, I m a mess  
**G** **C**  
Every day is worse and the hurt is always bringing me down  
**Em**  
Help me

[Chorus]

**Am** **Dm**  
Cause I don t know if I can take it,  
**G** **C**  
I m so tired of trying to fake it  
**Em** **Am**  
Tell me you know  
**Dm** **G** **C** **Em**  
That I ve been crazy all my life

**Am** **Dm**  
I try to be cool but I want more  
**G** **C**  
Now I m standing right here at your front door

I need to know  
**Dm** **G**  
That I ve been crazy all my life
