G **D/F#** **Em** **Em7**
Life's been good I can't complain so far
C **Em** **Dsus4** **D**
Designer clothes, expensive caviar
G **B7** **Em** **Em7**
And gated homes to keep the wolves at bay
Am **D** **G**
Tinted glass to hide my guilt and shame

G **D/F#** **Em** **Em7**
Neon signs and vagrants at the door
C **Em** **Dsus4** **D**
Broken values, needles, liquor stores
G **B7** **Em** **Em7**
And won't somebody help me to believe
Am **D** **G**
Help me to deny the things I see

Am **AmMaj7**
But whatever comes your way
Am7
Sometimes you win, sometimes you lose
Dsus4 **D**
when it all comes down you make it through

G **D/F#** **Em** **Em7**
You got the whole world around
C **Em** **Dsus4** **D**
You got the whole world around
G **B7** **Em** **Em7**
Something tells me not to make a scene
Am **D** **G** **Dadd9/F#**
Open up your heart and let me in

Em **EmMaj7** **Em7** **A**
 Iâ€™ve traveled far enough to meet my own demise
Em **G** **A**
 Seems that everyone I know still wears the same disguise
C **Em** **G** **A**
 Take me, rape me, push me down as long as Iâ€™m understood
C **Am**
 Like the soldiers view from the bunkers to
Dsus4 **D**
 towers at Park Avenue yeah yeah yeah
